

THE CORPORATION OF THE MUNICIPALITY OF TEMAGAMI

BY-LAW NO. 06-650 AS AMENDED

CONSOLIDATED OFFICE VERSION, as amended by By-laws 06-675, 07-722, 07-745, 07-694, 07-695, 08-813, 08-823, 08-768, 08-785, 09-828, 09-834, 09-860, 11-1037, 11-1038, 11-1040, 12-1053, 12-1093, 13-1105, 13-1106, 13-1121, 13-1127, 13-1146, 14-1177, 15-1236, 15-1240, 15-1254, 15-1258, 15-1537, 16-1280, 20-1529 and OMB decisions contained in OMB File PL080067 and OMB File PL131380.

Being a By-law to regulate the use of land and the character, location and use of buildings and structures in the Municipality of Temagami.

WHEREAS it is considered desirable to regulate the use of land, the character, location and use of buildings and structures within the Municipality of Temagami;

AND WHEREAS authority is granted under Section 34.1 of the Planning Act R.S.O. to the Council of the Municipality of Temagami to exercise such powers subject to appeals to the Ontario Municipal Board;

NOW THEREFORE the Council of the Municipality of Temagami enacts as follows:

SECTION 1

This By-law shall be known as the "Zoning By-law for the Municipality of Temagami".

SECTION 2 - DEFINED AREA

This By-law applies to all land within the boundaries of the Municipality of Temagami, hereafter known as the "Municipality", and to the adjoining shores of various lakes and rivers including land covered by water wherever there is or may be erected any jetty, dock, boathouse, pier or other building or structure.

SECTION 3 - INTERPRETATION

3.01 GENERAL

In their interpretation and application, the provisions of this By-law shall be held to be the minimum requirement adopted for the promotion of the public health, safety, convenience or general welfare. Whenever the requirements of this By-law are at variance with the requirements of any other By-law, the more restrictive, or the By-law imposing the higher standards, shall govern and apply. Nothing in this By-law shall be construed to exempt any person from complying with the requirements of any other By-law of the Municipality or from any law of the Province of Ontario or of Canada.

3.02 ZONING SCHEDULE

Schedules A1 through A11 attached hereto, together with notations and references shown thereon, are hereby declared to form part of this By-law.

3.03 ZONE BOUNDARIES

When determining the boundary of any Zone as shown on Schedules A1 through A11 forming part of this By-law, the following provisions shall apply:

- a) a boundary indicated as following a highway, street or lane shall be the centre line of such highway, street or lane;
- b) a boundary indicated as following a watercourse, creek, stream or the right-of-way of a railway or an electrical, gas or oil transmission line shall be the centre line of such watercourse, creek, stream or right-of-way;
- c) a boundary indicated as following a shoreline, either the shoreline of the mainland or the shoreline of an island, shall follow such shoreline, except as noted in subsection g), and in the event of change in the shoreline, the boundary shall be construed as moving with the actual shoreline;
- d) a boundary indicated as approximately following lot lines shown on a registered plan of subdivision or on a land patent, shall follow such lot lines;
- e) a boundary indicated as approximately parallel to a street line or other feature indicated in clauses a), b) or c) of this subsection, and the distance from such street line or other feature is not indicated, and clause d) above is not applicable, such boundary shall be construed as being parallel to such street line or other feature, and the distance there from shall be determined according to the scale shown on Schedules A1 through A11;
- f) a boundary indicated as following the limits of the Municipality shall follow such limits; and
- g) where any zone on Schedules A1 through A11 abuts a lakeshore, such zone shall be deemed to extend into the lake and to apply to any water lots or to any land created by changing lake levels, or to any boathouses or docks.

3.04 CLOSINGS

In the event a dedicated street or lane shown on Schedules A1 through A11 of this By-law is closed, the property formerly in such street or lane shall be included within the zone of the adjoining property on either side of such closed street, or lane. If a closed street or lane is the boundary between two different zones, the new zone boundaries shall be the former centre line of the closed street or lane.

3.05 CERTAIN WORDS

In this By-law, words used in the present tense include future; words in the singular number include the plural; words in the plural include the singular number; and the word 'used' includes 'arranged, designed or intended to be used'; the word 'shall' is mandatory and not discretionary.

Unless the context clearly indicates the contrary, where a regulation involves two or more items, conditions, provisions or events connected by the conjunction “and”, “or”, or “either-or”, the conjunction shall be interpreted as follows:

- a) “and” indicates that all connected items, conditions, provisions or events shall apply in any combination;
- b) “or” indicates that the connected items, conditions, provisions or events may apply single or in combination;
- c) “either/or” indicates that the connected items, conditions, provisions or events shall apply singly but not in combination.

3.06 INTERPRETATION OF SIMILAR PERMITTED USES

Uses other than those hereinafter specifically permitted as uses in each of the zones, may be permitted therein, provided such uses are similar to those specifically mentioned and are, in the opinion of Council, as evidenced by a resolution, not more obnoxious or detrimental to the welfare of the community, than the permitted uses specifically mentioned in the respective zones.

3.07 MULTIPLE USES ON ONE LOT

Notwithstanding any other provisions of this By-law, where any land, building or structure is used for more than one permitted use, all provisions of this By-law shall be complied with for each use, except in the case of lot area, lot frontage, coverage and minimum yard requirements in which case the most restrictive or stringent requirement shall apply.

3.08 PROPERTIES WITH MORE THAN ONE ZONE

Where a lot is divided into more than one zone, each such portion of said lot shall be considered separately for the purposes of determining zone provisions such as lot area, lot frontage, required front yard, side and rear yards and each such portion shall conform to the provisions of the appropriate zone, but no lot shall have more than one dwelling unit on the lot, except as specifically provided in this By-law.

SECTION 4 - ADMINISTRATION

4.01 ADMINISTRATION AND ENFORCEMENT

This By-law shall be administered by the Building Inspector or such other person as Council shall designate, and no permit for the use of land or for the erection of any building or structure nor shall any municipal licence be issued where the proposed use, building or structure would be in violation of any provision of this By-law.

4.02 APPLICATIONS AND PLANS

In addition to the requirements of this Zoning By-law, every application for a building permit shall be accompanied by plans, in duplicate, drawn to an appropriate scale and based upon an actual survey and showing:

- a) the true shape and dimensions of the lot to be used or upon which it is proposed to erect any building or structure;
- b) the current and proposed use of the lot and any current or proposed buildings or structures thereon;
- c) the proposed location, height and dimensions of the building, structure or work in respect of which the permit is applied;
- d) the location of every building or structure already erected on or partly erected on such lot, and the location of every use, building or structure upon adjacent lots;
- e) the proposed location of parking spaces, loading spaces, driveways, shoreline uses such as docks and boathouses, shoreline activity areas, landscaping areas or planting strips and all associated uses as may be required;
- f) other such information as may be necessary to determine whether or not every such building, structure and work conforms to the requirements of this By-law;
- g) conformity with the design principles and development constraints set forth in the Zoning By-law; and,
- h) all structures, regardless of size, that are proposed to be located in the front yard of a shoreline lot, including the shoreline activity area and development over water, require a building permit and will be subject to site plan control.

Every such application shall be signed by the owner of the lot or the owner's agent duly authorised in writing and by the Building Inspector.

4.03 CONFORMITY

No land shall hereafter be used and no building or structure shall hereafter be erected or used except in accordance with the general and special provisions of this By-law, but nothing in this By-law shall prevent the use of any land, building or structure for any use prohibited by this By-law if such land, building or structure was lawfully used and properly registered for such purpose on the day this By-law comes into effect.

4.04 INSPECTION

The authority having jurisdiction to enforce this By-law from time to time is hereby authorised, after reasonable notice to the owner or assessed owner, occupant or apparent occupant of the property in question, to enter at all reasonable hours for the purposes of inspection.

4.05 REMEDIES

In the case where any building or structure is or is proposed to be erected, reconstructed, extended or enlarged, or any building or structure or part thereof is or is proposed to be used, or any land is or is proposed to be used, in contravention of any requirements of this By-law such contravention may be restrained by action at the instance of any ratepayer or of the Municipality pursuant to the provisions of the Planning Act.

4.06 SCOPE

No building, structure or land shall be used, and no building or structure shall be hereafter erected within the Municipality except in conformity with the provisions of this By-law.

4.07 VIOLATION AND PENALTY

Any person who uses any land or erects or uses any building or structure in a manner contrary to any requirements of this By-law, or who causes or permits such use or erection, or who violates any provision of this By-law or causes or permits a violation, is guilty of an offence and upon conviction therefore, shall be liable to a fine not exceeding two thousand (2,000) dollars per day, exclusive of costs, which shall be recoverable under the Provincial Offences Act R.S.O., 1990 as amended.

4.08 REPETITION OF OFFENCE

The conviction of an offender upon a breach of any of the provisions of this By-law shall not prevent prosecution against the same offender upon any subsequent breach of the same or any other provision of this By-law.

4.09 VALIDITY

Should any section or part of a section of this By-law for any reason be held to be invalid, it is the intention that all the remaining provisions shall remain in full force and effect.

SECTION 5 - DEFINITIONS

In this By-law, unless the context otherwise requires:

ACCESS ROAD shall mean a temporary road constructed on Crown land to facilitate the extraction of natural resources.

ACCESSORY APARTMENT shall mean a second dwelling unit in a single detached dwelling for use as a complete, independent living facility with provision within the accessory apartment for cooking, eating, sanitation, and sleeping. Such dwelling is an accessory use to the main dwelling.

ACCESSORY BUILDING shall mean a detached building located on the same lot as the main building, the use of which is incidental or secondary to that of the main building and which is not used for human habitation, and includes a detached garage, a boathouse or a sleep cabin on a residential lot. (By-law 07-745)

ACCESSORY USE shall mean a use that is normally incidental, subordinate and exclusively devoted to a principle use located on the same lot.

ALTER shall mean any alteration in a bearing wall or partition, column, beam, girder or other supporting member of a building or structure or any alteration in the area or volume of a building or structure.

'APARTMENT BUILDING shall mean a building containing four (4) or more dwelling units which units have a common entrance from the street level and common halls and/or stairs, elevators and yards.' (By-law 13-1121)

AUTO BODY REPAIR SHOP shall mean an industrial establishment for the repair of damage to a motor vehicle caused by collision, accident, corrosion or age, and, without limiting the generality of the foregoing, includes the reconstruction of motor vehicles, the painting or repainting of motor vehicles and the rebuilding or conversion of automotive engines or engine parts. (By-law 13-1121)

AUTOMOBILE SERVICE STATION shall mean a building or place where petroleum products and new supplies, parts and accessories are kept for sale to service motor vehicles, snowmobiles, and machinery and where minor and/or emergency repairs are performed to motor vehicles, snowmobiles and machinery but no other activities of an auto body repair shop or a motor vehicle repair shop are conducted.

BASEMENT shall mean that portion of a building which is partly underground but which has more than one-half of its height, from finished floor to underside of floor joists of the next above storey, above the adjacent average finished grade level adjacent to the exterior walls of the building and in which the height from finished grade to underside of the floor joists of the next above storey is less than one and eight-tenths (1.8) metres. (See plate #6).

BASEMENT, WALKOUT shall mean that portion of a building which is partly underground, but which has more than fifty per cent (50%) of the floor area not greater than one (1.0) metre below grade, and which has an entrance and exit at grade level. This definition shall only apply in an area where the natural terrain permits construction of a walkout basement. (See plate #7).

BED AND BREAKFAST ESTABLISHMENT shall mean a single detached dwelling unit or portion thereof, in which the proprietor resides and supplies for hire or gain to other persons, particularly tourists, on a temporary or day to day basis, lodging with or without meals, but shall not include a boarding house, hotel, motel, tourist cabin establishment, sleep cabin or restaurant accommodating the

general public. Such an establishment shall be licensed by the Municipality and shall provide for no more than two (2) guest rooms, with no facilities for cooking, used or maintained for the accommodation of the public and shall be clearly secondary to the use of the dwelling unit as a private residence.

BOARDING HOUSE shall mean any house or building in which the proprietor resides and supplies for hire or gain to at least three persons but not more than eight persons, lodging with or without meals in rooms furnished by the proprietor with necessary furnishings and includes a rooming house, but does not include a bed and breakfast establishment, hotel, motel or tourist commercial establishment.

BOATHOUSE - LAND BASED shall mean a building or structure, located on land and used for the storage of private boats and equipment accessory to their use and accessory to a residential use. Converted boat slips without walls are considered boathouses. (By-law 07-745)

BOATHOUSE - WATER BASED shall mean a building or structure, located on a body of water and adjacent to a residential lot and used for the storage of private boats and equipment accessory to their use and accessory to a residential use. Converted boat slips without walls are considered boathouses. (By-law 07-745)

BUFFER shall mean the land area used to visually separate one use from another or to shield or block noise, lights or other nuisances.

BUILDING shall mean any structure, whether temporary or permanent used or built for the shelter, accommodation or enclosure of persons, animals, materials or equipment, other than a fence or wall.

BUILDING INSPECTOR shall mean the officer or employee of the Municipality who, from time to time, is charged by the Municipality with the duty of administering the provisions of the Zoning By-law.

BUILDING LINE shall mean a line lying in the interior of a lot drawn parallel to a lot line or shoreline for the purpose of establishing the minimum distance that must exist between a building or structure erected upon the land and a lot line or shoreline.

BUILDING, MAIN shall mean a building, the nature of the use of which is determined by the zoning of the lot upon which it is authorised to be constructed or upon which it is constructed.

BUILDING SETBACK shall mean the least horizontal distance permitted between a lot line of a lot or the shoreline of a lot and the nearest portions of any building envelope on such lot.

BULK SALES shall mean the use of land, buildings or structures for the purpose of buying and selling fuel oil, wood, lumber, building materials and similar commodities and includes incidental manufacturing, assembling or processing uses, a building supplies depot or lumber yard.

BUSINESS OR PROFESSIONAL OFFICE shall mean an office in which any business is carried on or any profession is practised.

CAMPGROUND shall mean a parcel of land managed as a unit operated privately or by the Municipality or the Province of Ontario on a commercial basis for campers who provide their own sleeping facilities such as tents, but such campers are provided with sanitary and waste disposal facilities by the campground management.

CELLAR shall mean that portion of a building which is partly or entirely underground but has more than one-half of its height from finished floor to finished ceiling below the average finished grade level adjacent to the exterior walls of the building. (See plate #6).

CEMETERY shall mean a parcel of land set apart or used as a place for the internment of the dead or in which human bodies have been buried.

CLINIC, MEDICAL shall mean a public or private building used for medical, surgical, dental, physiotherapeutic, chiropractic or other human health treatment by one or more practitioners.

CLUB shall mean an association of persons, whether incorporated or not, united by some common interest, meeting periodically for co-operation or conviviality. Club shall also mean, where the context requires, premises owned or occupied by members of such associations within which the activities of the club are conducted.

COMMERCIAL shall mean the use of land, a building or structure for the purpose of buying or selling commodities and supplying of services as distinguished from such uses as manufacturing or assembling of goods, warehousing, construction and other similar uses.

COMMUNITY CENTRE shall mean any tract of land, or building or buildings or any part of any buildings used for community activities whether used for commercial purposes or not, and the control of which is vested in the Municipality, a local board or agent thereof except that in the case of a Community Centre located within a Mobile Home Park, the control of such use may be vested in the owner of the Mobile Home Park.

CONTRACTOR'S YARD shall mean a yard of any general contractor or builder where tools, equipment and in-transit materials are stored outdoors on a temporary basis. A contractor's yard does not include any other yard or establishment otherwise defined or classified herein. A contractor's yard does not include a home industry. (By-law 13-1121)

COUNCIL shall mean the Council of the Municipality of Temagami.

COVERAGE shall mean the percentage of lot area covered by all buildings.

DAYLIGHTING TRIANGLE shall mean an area free of buildings or structures, which area is to be determined by measuring from the point of intersection of street lines on a corner lot, the distance required by this By-law along each such street line and joining such points with a straight line. The triangular shaped land between the intersecting street lines and the straight line joining the points the required distance along the street lines is the "daylighting triangle".

DAY NURSERY shall mean an establishment providing care and maintenance of children separated from their parents or guardian during the part of the day between 6 a.m. and 7 p.m. except an elementary school having at least four grades.

DENSITY shall mean the maximum number of dwelling units allowed by this By-law on a lot.

DEVELOPMENT shall mean the creation of a new lot, a change in land use or the construction of buildings and structures, requiring the approval under the Planning Act or the Public Lands Act; but does not include activities that create or maintain infrastructure authorised under an environmental assessment process; or works subject to the Drainage Act.

DRY INDUSTRY shall mean an industry which by nature of its operation, process, or fabrication of raw materials or service rendered does not require a water supply other than that available from within the limits of the lot upon which the use is located, does not discharge effluent from the limits of the lot upon which the use is located and from which the only sewage effluent to be disposed of within the limits of the said lot will be that produced from normal sanitary and eating facilities required for the employees.

DWELLING, CONVERTED shall mean a single detached dwelling unit altered to contain more than one but less than 4 self contained dwelling units.

DWELLING, DUPLEX shall mean a building of two or more storeys that is divided horizontally into two dwelling units each of which has an independent entrance either directly or through a common vestibule.

DWELLING UNIT, SEASONAL shall mean a single detached dwelling unit constructed as a secondary place of residence for seasonal vacations and recreational purposes and not as a principal residence of the owner or occupant thereof.

DWELLING, SEMI-DETACHED shall mean a building that is divided vertically into two dwelling units each of which has an independent entrance either directly or through a common vestibule.

DWELLING UNIT, SINGLE DETACHED shall mean a completely detached dwelling unit and includes a Seasonal Dwelling Unit.

DWELLING UNIT shall mean one room or a group of rooms in a building used or designed or intended to be used as a single, independent and separate housekeeping establishment and,

- (a) in which food preparation and sanitary facilities are provided for the exclusive use of the residents of the dwelling unit, and
- (b) which has a private entrance from outside the building or from a common hallway or stairway inside the building, but
- (C) does not mean or include a tent, or a room or suite of rooms in a bed and breakfast establishment, boarding or rooming house, hotel, motel, motor hotel, or tourist commercial establishment.

ENTERTAINMENT FACILITY shall mean any indoor live act, play, revue, pantomime, scene, dance act, musical act, song and dance act, or any combination thereof, performed by one or more persons whether or not they are compensated for the performance but does not include adult entertainment uses.

ERECT shall mean to build, construct, reconstruct, alter and relocate, and without limiting the generality of the foregoing shall be taken to include any preliminary physical operations, such as excavating, berming, grading, piling, cribbing, filling or draining, structurally altering any existing building or structure by an addition, deletion, enlargement or extension.

ESTABLISHED BUILDING LINE shall mean the average distance from the street line to existing buildings in any block where more than half the frontage has been built upon, at the date of the final passing of this By-law.

ESTABLISHED GRADE shall mean with reference to a building, the average elevation of the finished surface of the ground where it meets the exterior of the front of such building and when used with reference to a structure shall mean the average elevation of the finished grade of the ground immediately surrounding such structures, exclusive in both cases of any artificial embankment or entrenchment and when used with reference to a street, road or highway means the elevation of the street, road or highway established by the Municipality or other designated authority.

EXISTING shall mean existing as of the date of the final passing of this By-law.

FLANKAGE see lot line flankage

FLOOR AREA, DWELLING shall mean with reference to a building, the total habitable floor area within a building which area is measured between the exterior faces of the exterior walls or from the centre line of a common or party wall, but excluding any private garage, breezeway, porch or veranda, balcony, attic, basement or cellar, except that where the natural terrain permits a walkout basement in

which case twenty five per cent (25%) of the floor area of the walkout basement shall be considered as habitable floor area.

FLOOR AREA, GROSS shall mean the aggregate of the floor areas of all the storeys of a building including twenty five per cent (25%) of the floor area of any walkout basement but not of any cellar, and which floor areas are measured between the exterior faces of the exterior walls of the building at each floor level but excluding the floor space of the garage in the residential building, breezeway, unenclosed porch or unenclosed veranda and for the purposes of this clause, the walls of an inner court shall be deemed to be exterior walls. (By-law 13-1121)

FLOOR AREA, GROUND shall mean the floor area of the lowest storey of a building approximately at or first above the average finished grade level, excluding any basement or cellar, which area is measured between the exterior faces of the exterior walls at the floor level of such storey, but excludes car parking areas within the building, and for the purpose of this paragraph the walls of an inner court shall be deemed to be exterior walls.

FLOOR AREA, RETAIL shall mean the gross floor area of a commercial building devoted to retail purposes.

GARAGE, ATTACHED shall mean a private garage, accessory to a dwelling unit on the same lot and attached by a common wall and/or common roof structure provided however, for the purpose of determining lines of setback and side yard, an attached garage shall be considered part of the main building. Also for the purposes of this definition, a wall between a house and an attached garage may be considered "common" as long as at least forty per cent (40%) of the length of the attached garage wall is common with the dwelling wall.

GARAGE, DETACHED shall mean an accessory building or portion of a building which is designed or used for the sheltering of private motor vehicles and the storage of household equipment incidental to residential occupancy and in which there are no facilities for repairing or servicing of such vehicles for, remuneration or commercial use.

GARDEN SUITE shall mean an additional temporary dwelling unit temporarily located on a residential lot intended for the sole occupancy of one or two adult persons and serviced from the services of the primary/main residential dwelling on the same property. (By-law 13-1121)

GASOLINE BAR shall mean one or more pump islands, each consisting of one or more gasoline pumps, and a shelter having a gross floor area of not more than ten (10) square metres, excluding washrooms. The shelter shall not be used for the sale of any product other than liquids and small accessories required for the operation of motor vehicles and shall not be used for repairs, oil changes, or greasing.

HABITABLE ROOM shall mean a room designed for living, sleeping, eating or food preparation, including an enclosed sunroom and office.

HAZARD LAND shall mean land that could be unsafe for development due to naturally occurring processes including flooding and erosion.

HEIGHT shall mean, with reference to a building, other than a water-based boathouse, the vertical distance measured from the finished established grade level at the front elevation of such building to:

- (a) the highest point of the roof surface or the parapet, which-ever is the greater, of a flat roof;
- (b) the declivity of a mansard roof; or
- (c) the mean level between eaves and ridge of a gabled, hip, gambrel roof or other type of pitched roof.

In calculating the height of a building, any construction used as an ornament or for the mechanical operation of the building such as a chimney, tower, cupola or steeple shall not be included. (See plate #5).

The height of a water based boathouse shall be calculated in accordance with Section 6.06.

HEREAFTER shall mean after the date of passing of this By-law

HEREIN shall mean anywhere in this By-law

HOME INDUSTRY shall mean a gainful occupation including an electrical, woodworking, carpentry, window frame, welding, plumbing, machine or small engine repair shop, or a live bait supplier. A Home Industry is conducted entirely in an accessory building or part of an accessory building on a Rural Residential or Remote Residential lot by the residents. A home industry does not include a contractor's yard. (By-law 13-1121)

HOME OCCUPATION shall mean any gainful occupation which is conducted within the dwelling unit by the resident(s) of the dwelling, and such home occupation is clearly secondary to the main residential use, does not change the residential character of the dwelling and as further defined in this Zoning By-law.

HOSPITAL shall mean any institution, building or other premises or place established for the maintenance, observation, medical and dental care and supervision and skilled nursing care of persons afflicted with or suffering from sickness, disease or injury or for the convalescent or chronically ill persons.

HOTEL shall mean a building or part of a building or a group of buildings used primarily for the purpose of providing overnight guest room accommodation to the travelling public, with or without accessory restaurants, dining rooms or refreshment rooms, and includes any establishment containing guest rooms which is defined as a "hotel" in the Hotel Registration of Guests Act, R.S.O. 1990, Chapter H.17. The owner or caretaker may live in the hotel accessory to the use'. (By-law 13-1121)*

HUNT CAMP shall mean an area where one or more tents are used for sleeping accommodation, the preparation and serving of food and is intended for use as a base camp for hunting. The hunt camp is to be used on a temporary or seasonal basis and shall not be a commercial facility.

INDUSTRIAL USE shall mean the use of land, buildings or structures for the manufacturing, processing, fabricating, transporting, or assembly of raw materials or goods, warehousing or bulk storage of goods and related accessory uses.

INSTITUTIONAL USE shall mean the use of land, buildings or structures for a public or non-profit purpose and without limiting the generality of the foregoing, may include such uses as schools, places of worship, indoor recreation facilities, community centres, public hospitals and government buildings.

LANDSCAPING shall mean any combination of trees, shrubs, flowers, grass or other horticultural elements, together with decorative stonework, paving, screening or other architectural elements, all of which is designed to enhance the visual amenity of a property and/or to provide a screen to mitigate any objectionable adjacent land use but does not include parking areas, patios, walkways, driveways or ramps.

LANE shall mean a public thoroughfare that affords only a secondary means of access to abutting lots and which is not intended for general traffic circulation.

LAUNDROMAT shall mean a building or structure where the services of coin-operated laundry machines, using only water, detergents and additives are made available to the public for the purpose of laundry cleaning.

LOADING SPACE shall mean an unencumbered area of land which is provided and maintained upon the same lot or lots upon which the main use is located and which area:

- (a) is provided for the temporary parking of one commercial motor vehicle while merchandise or material is being loaded or unloaded from such vehicle, and such parking shall not be for the purpose of sale or display;
- (b) is suitable for the temporary parking of one commercial motor vehicle;
- (c) is not upon or partly upon any street or lane; and,
- (d) has adequate access to permit ingress and egress of a commercial motor vehicle from a street by means of driveways, aisles, manoeuvring areas or similar areas, no part of which shall be used for the temporary parking or storage of one or more motor vehicles.

LODGE see TOURIST LODGE

LOT shall mean a parcel of land, whether such parcel is described in a registered deed, on a land patent or is shown on a registered plan of subdivision or condominium including any of its parts which are subject to right-of-way or easement that is capable of being legally conveyed.

LOT AREA shall mean the total horizontal land area within the lot lines of a lot and in the case of a corner lot having street lines rounding at the corner, the lot area of such lot shall be calculated as if the lot lines were projected to their point of intersection.

LOT, CORNER shall mean a lot situated at the intersection of and abutting on two or more streets provided that the angle of intersection of such streets is not more than 135 degrees. (See plate # 1).

LOT COVERAGE shall mean that percentage of the lot area, covered by all buildings above ground level, excluding building features that project beyond the main walls of a building such as window sills, cornices, pilasters, cantilevered canopies or roofs, eaves, gutters, bay windows, chimney breasts or that portion of such lot area which is occupied by a building or portion thereof which is completely below ground level. The calculation of lot coverage shall include enclosed and unenclosed decks, enclosed and unenclosed porches and enclosed and unenclosed platforms and buildings, including those less than ten (10.0) sq. m. ground floor area. For the purpose of this definition the lot coverage in each zone shall be deemed to apply only to that portion of such lot which is located within said zone. (By-law 13-1121) LOT DEPTH shall mean the horizontal distance between the front and rear lot lines. Where these lot lines are not parallel, the lot depth shall be the length of a line joining the mid points of the front and rear lot lines. (See plate #1). Where the front lot line is a shoreline, lot depth shall be the length of a line joining the mid points of the line used to define the lot frontage and the rear lot line.

LOT FRONTAGE shall mean the horizontal distance between the side lot lines measured at right angles. Where the front lot line is not a straight line, or where the side lot lines are not parallel, the lot frontage shall be measured by a line six (6.0) metres back from and parallel to the chord of the lot frontage. (For the purpose of this By-law the chord of the lot frontage is a straight line joining the two points where the side lot lines intersect the front lot line). Where the front lot line is a shoreline, lot frontage shall mean the horizontal distance between the side lot lines, measured from the points where the side lot lines intersect the shoreline. (See plate #1).

LOT, INTERIOR shall mean a lot situated between adjacent lots and having access to one street. (See plate #1).

LOT LINE shall mean any boundary of a lot.

LOT LINE, FLANKAGE shall mean a side lot line which abuts the street on a corner lot.

LOT LINE, FRONT shall mean the lot line that divides the lot from the street or a body of water, but:

- (a) in the case of a corner lot with two street lines of equal lengths, the lot line that abuts the wider street or abuts a Provincial Highway shall be deemed to be the front lot line, and in the case of both streets being under the same jurisdiction, or of the same width, the Municipality may designate either street line as the front lot line.
- (b) in the case of a corner lot abutting a one third (0.33) metre reserve the lot so abutting the one third (0.33) metre reserve shall be deemed a flankage lot line and the other line abutting the street shall be deemed the front lot line.
- (c) in the case of a through lot the longer boundary dividing the lot from the street shall be deemed to be the front lot line and the opposite shorter boundary shall be deemed to be the rear lot line. In case each of such lot lines should be of equal length the Municipality may designate either street line as the front lot line.
- (d) in the case of a lot abutting a waterbody, the front lot line shall be all the lot line adjacent to such waterbody.
- (e) where one lot occupies all of an island, the whole of the lot line adjacent to the water shall be deemed to be the front lot line.
- (f) in the case of a lot with water frontage on a navigable stream, river or lake and with frontage on a municipal road, the navigable stream, river or lake water frontage shall be deemed to be the front of the lot, except in an industrial zone where the frontage on a municipal road shall be deemed to be the front yard.

No water-based boathouse shall encroach into the main building side yard setback, if the side lot lines were extended into the water.

The maximum distance from a water-based boathouse to the land shall be three (3.0) metres.

The maximum height of a land-based boathouse shall be one and one half (1.5) storeys, except in the Remote Residential (R1) Zone where the maximum height shall be one (1) storey with a maximum pitch roof of 4/12. (By-law 07-745)

The maximum width and length of a land-based boathouse shall not exceed six (6.0) metres and ten (10.0) metres respectively.

For the purposes of calculating the number of boathouses on a lot a detached garage shall not be deemed to be a land based boathouse. (By-law 13-1121)

6.07 BUILDING REPAIR AND RECONSTRUCTION

Nothing in this By-law shall prevent the reconstruction of any building or structure that is damaged or destroyed by causes beyond the control of the owner, provided that the minimum frontage or area, or the minimum front, side or rear yards or any other standards

required by this By-law are not further reduced or its original use altered, except in accordance with the provisions of this By-law. (By-law 13-1121)

6.08 BUILDINGS TO BE MOVED

In all zones, no building, residential or otherwise normally requiring a building permit for construction shall be moved within the area covered by this By-law or shall be moved into the limits of the area covered by this By-law without a permit from the Building Inspector.

6.09 CHANGE OF USE

A use of a lot, building or structure which, under the provisions hereof, is not permissible within the zone in which such lot, building or structure is located, shall not be changed except to a use which is permissible within such zone.

6.10 COMMERCIAL MOTOR VEHICLE PARKING

In any residential zone, the temporary parking of one commercial motor vehicle shall be permitted provided that:

- a) the gross weight of the vehicle is not greater than 4,475 kg;
- b) the vehicle is operated by the owner or occupant of the dwelling unit on the lot;
- c) the vehicle is not parked in the front yard; and
- d) the vehicle is not stored on the lot.

6.11 CONTRACTOR'S YARD

A contractor's yard may be carried out in the R1, R2 and R3 Zones in accordance with the following and in accordance with the provisions of Section 7.4.3, Section 7.5.3 and Section 7.6.3.

- (a) in the case of a lot fronting on a public road, a contractor's yard shall be located in the rear yard;
- (b) in the case of a lot fronting on both a public road and a navigable body of water, a contractor's yard shall be located in the yard abutting the road;
- (c) in the case of a water access lot, a contractor's yard may be located in the front yard, subject to the provisions of this By-law;
- (d) there is no external advertising other than a sign erected in accordance with any by-laws of the Municipality regulating signs;
- (e) a contractor's yard shall be used only for the outdoor storage of tools, equipment and in-transit building materials, except noxious or hazardous good or materials;
- (f) neither accessory buildings nor boathouses shall be used in conjunction with the contractor's yard;
- (g) an office associated with the contractor's yard may be located in the dwelling located on the same lot;
- (h) on a water access lot, a contractor's yard shall be screened by a solid vegetative buffer no less than ten (10.0) metres in width from the normal shoreline in order to buffer the contractor's yard from the viewing public and adjacent lots;

- (i) such contractor's yard is clearly secondary to the main residential use, does not change the residential character of the dwelling;
- (j) except in the case of island lots, for every person, other than the owner of the dwelling employed therein on a full-time basis, one parking space shall be provided but shall not be located in the front yard or flanking yard; and
- (k) except in the case of island lots, one on-site parking space shall be provided for patrons of the contractor and such parking space shall not be provided in the front yard.

6.12 CORNER LOTS IN RESIDENTIAL ZONES

Notwithstanding any other provision of this By-law, on a corner lot, no part of any building or accessory building setback that abuts a street shall be less than the minimum front yard setback

6.13 DAYLIGHTING TRIANGLES

On a corner lot, a fence, sign, hedge, shrub, bush or tree, or any other structure or vegetation shall not be erected or permitted to grow to a height greater than one (1.0) metre above the grade of the streets that abut the lot within the triangular area included within the street line for a distance of six (6.0) metres from their point of intersection.

6.14 DWELLING UNIT BELOW GRADE

No type of dwelling unit shall in its entirety be located in a cellar. A dwelling unit in its entirety may be located in a walkout basement or a basement, which has at least one exterior wall completely above the grade adjacent to that wall and which is an accessory apartment.

6.15 DWELLING UNITS IN A COMMERCIAL BUILDING

No person shall use any lot, or erect, alter or use any building or structure for the purpose of an apartment dwelling unit(s) on a lot zoned for commercial use, including a dwelling unit for the owner or a caretaker other than within a portion of the commercial building, except as permitted in the Tourist Commercial (TC) Zone, and in accordance with the following regulations:

- a) The dwelling unit(s) shall have separate washroom, bathroom and kitchen facilities from those of the commercial use;
- b) The dwelling unit(s) shall not be located in a basement or cellar;
- c) The dwelling unit(s) shall not occupy more than 50% of the gross floor area of the ground floor;
- d) The dwelling unit(s) shall have a separate parking space as provided by Section 6.33 hereto; and
- e) The dwelling unit(s) shall have a separate building entrance to that provided for the commercial use. (By-law 13-1121)

Notwithstanding the provisions of this By-law, no dwelling unit shall be located in a commercial building that is used for an automobile service station, an auto body repair shop or a public garage. (By-law 13-1121)

6.16 FENCES

No fence may be erected within the municipality which does not comply with the following specifications and Section 6.12 of this By-law:

- a) Any fence erected in a required front yard shall be at least fifty percent (50%) open, and no fence erected in a required front yard may exceed nine tenths (0.9) metres in height measured from ground level. A clearance of seven and one half (7.5) centimetres shall be allowed for installation purposes and shall not count in determining the height of a fence in a residential zone.
- b) No privacy fence may be erected in the front yard of a residence. For through lots, that yard which is used as a rear yard and which would normally be considered a rear yard for lots other than through lots shall be considered a rear yard for the purposes of erecting a fence
- c) In residential zones, no fence may be erected which exceeds two metres in height above ground level
- d) In residential zones, no fence may be constructed with barbed wire, metal spikes, or any other sharp pointed materials.
- e) All chain link fences shall be installed with the knuckle portion of the fence up and with the barb portion of the fence on or near the ground.
- f) No fence may be electrified except for the protection of livestock.

6.17 FORESTRY

No commercial extraction of timber shall be permitted within one hundred and twenty (120.0) metres of any residential zone or within one hundred and twenty (120.0) metres of an existing dwelling located on a lot under separate ownership, except in accordance with the provisions of a forest management plan.

6.18 FRONTAGE ON A PUBLIC ROAD OR STREET

No person shall erect any building or structure in any R3, RL, RM, RH, RMH, UC, HC, NC, ML or MH Zone unless the lot upon which such building or structure is to be erected fronts upon an open public street or road (By-law 13-1121)

Notwithstanding the foregoing;

- (a) a dwelling unit may be erected on a lot that existed prior to the adoption of this By-law where the lot abuts a right-of-way that existed prior to the adoption of this By-law and that provides access to a street that is open and maintained year round; and
- (b) a dwelling unit may be erected on a lot having only water access provided there is a developed public access point to serve the lot.

6.19 GARDEN SUITE

The gross floor area of the garden suite shall not exceed thirty percent (30%) of the existing living area of the primary residence or seventy one (71) square metres in gross floor area on a lot zoned residential, whichever is lesser. The units are portable so that when they are no longer required they may be removed and relocated to a new site. (By-law 13-1121)

6.20 GREATER RESTRICTIONS

This By-law shall not be effective to reduce or mitigate any restrictions lawfully imposed by a governmental authority having jurisdiction to make such restrictions.

6.21 HEIGHT EXCEPTIONS

Notwithstanding the height provisions, nothing in this By-law shall apply to prevent the erection of a church spire, flag pole, belfry, clock tower, chimney, radio or television tower or antenna.

6.22 HOME INDUSTRY

A home industry may be carried out in the R1, R2 and R3 Zones in accordance with the following and in accordance with the provisions of Section 7.4.3, Section 7.5.3 and Section 7.6.3.

- (a) there is no external advertising other than a sign erected in accordance with any by-laws of the Municipality regulating signs;
- (b) the external storage of goods, materials or equipment is not permitted;
- (c) such home industry is not an obnoxious use, trade, business or manufacture;
- (d) such home industry is clearly secondary to the main residential use, does not change the residential character of the dwelling and in no case shall the accessory building used for the home industry have a gross floor area greater than forty percent (40%) of the ground floor area of the dwelling;
- (e) not more than two (2) persons, other than the owner of the dwelling shall be employed in a home industry on a full-time basis;
- (f) except in the case of island lots, for every person, other than the owner of the dwelling employed therein on a full-time basis, one parking space shall be provided but shall not be located in the front yard or flanking yard;
- (g) except in the case of island lots, one on-site parking space shall be provided for patrons of the home industry and such parking space shall not be provided in the front yard;
- (h) except in the case of island lots, an accessory building used for a home industry shall not be located in the front yard or flankage yard of the residential lot; and
- (i) notwithstanding any of the provisions of this By-law, an accessory building used for a home industry shall have a minimum setback from the property line of five (5.0) metres.

6.23 HOME OCCUPATION

A Home Occupation may be carried out in certain zones, where permitted, subject to the following:

- (a) no person, other than a resident of the dwelling unit and one non-resident employee may be employed in the home occupation, except in the R1, R2 and R3 Zones where two non-resident employees may be employed in the home occupation;
- (b) there is no display, other than an un-illuminated sign not greater than one (1.0) square metre in size, to indicate to persons outside that any part of the dwelling unit or lot is

- being used for a purpose other than a dwelling unit, except in the, R1 and R2 Zones where no such sign is permitted;
- (c) such home occupation is clearly secondary to the main residential use and does not change the residential character of the dwelling unit nor creates or becomes a public nuisance, particularity in regard to noise, noxious odours or emission of smoke, traffic or parking;
 - (d) such home occupation does not interfere with television or radio reception;
 - (e) there is no outside storage of goods or materials and there is no use of any part of an accessory building;
 - (f) not more than twenty five per cent (25%) of the gross floor area of the dwelling unit or forty six (46.0) square metres, whichever is the lesser, is used for the purposes of a home occupation;
 - (g) such home occupation uses may include a service or repair shop, a personal service shop, tradesperson, the office of a doctor, dentist, lawyer, or a real estate agent, insurance agent, planner, architect, or engineer, professional offices but a clinic, a hospital, a nursing home, a tea room and an animal hospital shall not be deemed to be home occupations;
 - (h) when retail sales are carried out as part of a home occupation located on a lot accessible by a municipally maintained road, one on-site parking space shall be provided in addition to any required for the dwelling unit and employees;
 - (i) (By-law 13-1121) except in the R1 and R2 Zones, one parking space shall be provided for each employee not residing in the residence.

6.24 LICENSES, PERMITS AND OTHER BY-LAWS

Nothing in this By-law shall exempt any person from complying with requirements of any other By-law in force within the Municipality or from obtaining any permit, license, permission, authority or approval required by this or any other By-law of the Municipality or by any other law in force from time to time.

6.25 LIGHTING BESIDE NAVIGABLE WATER BODIES

Lighting shall not interfere with the view of the night sky or spill onto the surrounding properties. Lighting shall not exceed a maximum height of nine (9.0) metres and shall be directed downward.

6.26 LOADING SPACE REGULATIONS AND REQUIREMENTS

- a) Access
Access to loading or unloading spaces shall be by means of a driveway at least six (6.0) metres wide.
- b) Loading Space Surface
The driveways, loading and unloading spaces shall be constructed and maintained with a stable surface, which is treated so as to prevent the raising of dust or loose particles and with provisions for drainage facilities.

c) Location

The loading space or spaces required shall be located in the interior side or rear yard unless set back from the street line a minimum distance of twenty-five (25.0) metres.

d) Addition of Existing Use

When a building or structure has insufficient loading space at the date of passing of this By-law to comply with the requirements herein, this By-law shall not be construed to require that the deficiency be made up prior to the construction of any addition. No addition may be built, however, and no change of use may occur, the effect of which would be an increase in that deficiency.

e) Loading Requirements

For every commercial or industrial building having in excess of two hundred (200.0) square metres gross floor area, located on a lot having access from a municipal road, one (1) loading space for the first four hundred (400.0) square metres of gross floor area plus one space (1) for every additional two hundred (200.0) square metres of gross floor area, or portion thereof. (By-law 13-1121)

6.27 MOBILE HOMES

Mobile homes as defined in the Planning Act are only permitted in Mobile Home Parks.

6.28 NON-COMPLYING LOTS AND BUILDINGS

Continuation of existing non-complying uses

Nothing in this By-law shall prevent the strengthening to a safe condition, the rebuilding, repair or use of a building, structure or fence which is either lawfully non-complying itself or is situated on a lawfully non-complying lot, provided that the use of the building or structure is conforming and that the non-compliance, if any, of the original building, structure or fence is not increased, and the yards appurtenant thereto are not reduced except in accordance with the provisions of this By-law.

Enlargements, additions or alterations are permitted to buildings or structures, which are either lawfully non-complying themselves, or are situated on lawfully non-complying lots, provided that:

- The use of the lot and the building or structure is conforming; and
- The extent to which the building, structure or lot does not meet the requirements of this By-law is not increased; and
- None of the requirements of this By-law, which were not infringed by the building or structure as it existed immediately prior to the construction of any enlargement, addition or alteration hereby permitted, are affected.

Continuation of non-complying lots

A lot held as a single lot prior to the date of the passing of this By-law may be built upon, even though said lot is of such size that it cannot comply with the minimum frontage and/or depth and/or area required by this By-law and/or cannot comply with the minimum separation distances with the exception of waste disposal sites, provided that the proposed use complies with all other applicable provisions of this By-law. (By-law 13-1121)

6.29 NON-CONFORMING USES AND BUILDINGS

The provisions of this By-law shall not apply to prevent the use of any land, building or structure for any purpose prohibited by this By-law if such land, building or structure was lawfully used for such purpose on the date of the passing of this By-law so long as it continues to be used for that purpose.

Nothing in this By-law shall apply to prevent the alteration of a residential building existing at the date of passing of this By-law in a Commercial Zone, provided that such alteration does not contravene any of the provisions of this By-law. (By-law 13-1121)

6.30 NUMBER OF DWELLING UNITS ON ONE LOT

Not more than one (1) single detached dwelling unit shall be erected on one lot, subject to the provisions of Section 6.41. (By-law 13-1121)

6.31 OCCUPATION OF UNCOMPLETED BUILDINGS

A certificate of compliance for occupation of a building shall be issued by the Municipal Building Officer under the regulation of the Ontario building Code R.S.O. and/or The Municipal building By-law prior to the building being occupied.

6.32 OPEN STORAGE

Open storage is not permitted in the front yard of any Zone, except where the residential lot occupies an entire island in which case the open storage associated with a contractor's yard shall be set back a minimum of ten (10.0) metres from the high water mark.

6.33 PARKING AREA REGULATIONS

Parking spaces and areas are required under this By-law in accordance with the following provisions:

a) Parking Space Requirements

The owner of every building or structure erected or used for any of the purposes hereinafter set forth, except those located on islands or not accessible by a public road, shall provide and maintain for the sole use of the owner, occupant or other persons entering upon or making use of the said premises from time to time, parking spaces and areas as follows:

Type of building accessed by road	Minimum Parking Required
Residential units accessed by road	2 parking spaces per dwelling unit
Condominium Apartment Building	1.45 parking spaces per dwelling unit for resident parking plus 0.3 parking spaces per unit for visitor parking
Rental Apartment Building	1.25 parking spaces per dwelling unit for resident parking plus 0.33 parking spaces per unit for visitor parking
Accessory apartments	1 parking spaces per apartment

Type of building accessed by road	Minimum Parking Required
Bed and Breakfast Establishment	1 parking spaces per guest room in addition to the parking required for the main dwelling unit
Medical, Dental or Drugless Practitioner's Office or Clinic	5 parking spaces for each practitioner
Seniors Facility	0.75 parking spaces per unit for resident parking plus 0.2 parking spaces per unit for visitor parking
Nursing Home	1 parking space for every 4 beds
Church, Funeral Home, Auditorium, Restaurant, Theatre, Arena, Hall, Private Club, or other Places of Assembly.	Where there are fixed seats, 1 parking space for every 5 seats or 3 metres of bench space, where there are no fixed seats, 1 parking space for each 9.0 sq. metres of floor area devoted to public use.
Hospital or Institution	1 parking space for each 2 beds or 40 sq. metres of gross floor area whichever is greater plus 1 additional space for each resident doctor or resident employee.
Hotel, Motel and Tourist Establishments	1 parking space per unit or guestroom and 1 additional parking space for each 10.0 sq. metres of gross floor area devoted to public use.
Office, including a Home Occupation	1 parking space per 30 square metres of gross floor area.
Home Industry	1 parking space per employee plus 1 parking space for patrons.
Neighbourhood Commercial	1 parking space for every 30 square metres of gross commercial floor area of building.
Other Commercial Uses	1 parking space for each 30 square metres of gross commercial floor area of building.
Schools	1 parking space for each teaching area, plus separate bus loading area per 2 teaching areas.
Industrial	At least 1 parking space for every 150 sq. metres of gross floor area.
Marina	1 parking space for each 20 sq. metres of gross retail floor area, plus 1 parking space for each non-transient boat slip provided plus 10 additional spaces.
Bowling Alleys, Curling Rinks and Arenas	1 parking space for each 2 persons in the designed capacity of the establishment (designed capacity shall mean 6 persons per bowling lane and 8 persons per curling sheet).

(By-law 13-1121)

b) Parking Area Requirements

Parking areas shall conform to the following requirements:

- (i) the parking area shall be located on the same lot as the use it is intended to serve except in the case of a water access lot where the parking area shall be located in a zone where such use is permitted by this By-law;
- (ii) each parking space shall be at least three (3.0) metres by six (6.0) metres and shall be provided with unobstructed access to a street by a driveway, aisle, lane or private road;
- (iii) any parking area designed to serve water access lots shall be screened and shall not be visible from the water during the summer months.
- (iv) the requirement for parking designated for vehicles of handicapped persons shall be at least one per cent (1%) of the parking spaces required on any lot providing greater than ten (10) parking spaces and shall:
 - (i) have a minimum rectangular dimensions of four and one half (4.5) metres by six (6.0) metres; and
 - (ii) be located on level ground readily accessible to an entrance to such building; and
 - (iii) be clearly identified and reserved for the exclusive use of physically disabled persons.
- (v) any parking area designed to service water access points or water access lots shall be located a minimum of fifteen (15.0) metres from the front lot line and/or shoreline.

c) Parking Area Surface

In a Commercial Zone, a parking area and driveway connecting the parking area with a street shall be maintained with a stable surface, which is treated so as to prevent the raising of dust or loose particles. They shall, before being used, be constructed of crushed stone, slag, gravel, crushed brick (or tile), cinders, asphalt, concrete, Portland cement binder or like material and with provisions for drainage facilities.

d) Ingress and Egress

- (i) Ingress and egress, to and from the required parking spaces and areas shall be provided by means of unobstructed driveways or passageways at least four (4.0) metres but not more than nine (9.0) metres in perpendicular width.
- (ii) The maximum width of any joint ingress and egress driveway ramp measured along the street line shall be nine (9.0) metres.
- (iii) The minimum distance between a driveway and an intersection of street lines measured along the street line intersected by such driveway shall be ten (10.0) metres.
- (iv) The minimum angle of intersection between a driveway and a street line shall be sixty degrees (60.0°).
- (v) Every lot shall be limited to the following number of driveways:
 - (1) up to the first thirty (30.0) metres of frontage not more than two (2) driveways; and
 - (2) for each additional thirty (30.0) metres of frontage not more than one (1) additional driveway.

e) Illumination

Where parking areas are illuminated, lighting fixtures shall be so arranged that no part of any fixture shall be more than nine (9.0) metres above the finished grade of the parking area. Fixtures shall be so designed and installed that the light is directed downward and deflected away from adjacent lots, roads and streets.

f) Addition to building or structure

When a building or structure has insufficient parking area at the date of passing of this By-law to comply with the requirements herein, this By-law shall not be construed to require that the deficiency be made up prior to the construction of any addition. No addition may be built, however, and no change of use may occur, the effect of which would be an increase in that deficiency.

g) Use of Parking Spaces and Areas

Any area where off-street parking is permitted under this By-law shall be used for no other parking purpose than for the parking of operative passenger vehicles and commercial vehicles used in operations incidental to the permitted uses on the lot, all bearing currently valid licence plates.

For the purposes of this subsection "commercial motor vehicle" shall mean any commercial vehicles as defined in the Highway Traffic Act.

Notwithstanding the foregoing, no person shall within any Low Density Residential Zone use any part of any front yard except the driveway for the parking or temporary storage of tent trailers, motor homes, land cruisers, truck campers, or boats.

No person shall, in any Low Density or Medium Density Residential Zone use any tourist or travel trailer for the purpose of providing permanent living or eating accommodation. Sleeping accommodation may be provided in a tourist or travel trailer for a period not exceeding fourteen (14) days, notwithstanding that such trailer is jacked up or that its running gear is removed.

h) Calculation of Required Spaces

(i) Rounding

Where the calculation of parking space requirements in accordance with this By-law results in a fraction of a parking space being required for a lot, any fraction in excess of one half (0.5) shall be rounded up to the next whole number.

(ii) More than one use

Except as expressly provided elsewhere in this By-law, where more than one type of use is located on a lot, the total number of parking spaces required for such lot shall be the sum of parking space requirements for such separate uses.

(iii) Buffer Area

Where a parking area is designed to accommodate more than six (6) automobiles, a strip of land not less than three (3.0) metres wide, around the periphery of the said

parking area and within the lot in which said parking area is located shall not be used for any purpose other than landscaping but this shall not prevent the provision of entrances nor exits to said parking area across the strip.

6.34 PLANTING STRIPS

Where a lot is used for a Commercial or Industrial purpose and the interior side or rear lot line abuts a residential lot then a strip adjoining such abutting lot line shall be used for no purpose other than a planting strip in accordance with the following provisions:

- a) Width of Planting Strip Minimum three (3.0) metres.
- b) The planting strip shall be used for no other purpose than a continuous fence or hedge row of evergreens or shrubs, not less than one and one-half (1.5) metres high immediately adjoining the lot line or portion thereof along which such planting strip is required herein, provided that no fence or hedgerow shall be required or permitted to a height in excess of one (1.0) metre closer to a street line than the required yard depth.
- c) Driveways or Walks
In all cases where ingress and egress driveways or walks extend through a planting strip, it shall be permissible to interrupt the strip within three (3.0) metres of the edge of such driveway or within one and one-half (1.5) metres of the edge of such walk.
- d) Landscaped Open Space
A planting strip referred to in this subsection may form part of any landscaped open space required by this By-law.
- e) Any large industrial or commercial use adjacent to any residential or institutional use shall be required to provide screening or buffering which shall act as an opaque visual barrier.

6.35 PROHIBITED USES

Notwithstanding any other provisions contained in this By-law, the following uses are prohibited in the Municipality.

- a) No use shall be permitted which from its nature or the materials used therein is declared by the Local Board of Health or Council of the Municipality to be a noxious trade, business or manufacture under The Public Health Act or regulations thereunder, Chapter 377, R.S.0. 1970, as amended.
- b) The use of any land or lot for the purpose of a tourist trailer park or the use of a tourist trailer, or mobile home for human habitation except as specifically provided by this By-law.
- c) The use of any land or lot for the purpose of a scrap or salvage yard except as specifically provided by this By-law.
- d) The use of any land or lot for the purpose of a waste disposal area, landfill site, or dump except for licensed public landfill sites owned and/or operated by the Municipality or the Ministry of Natural Resources.
- e) A dwelling unit in a basement having a height of less than two (2.0) metres from floor to ceiling;

- f) A dwelling unit in a cellar;
- g) Blood or bone boiling;
- h) Extracting oil from fish or animal matter; and
- i) Manufacturing or storage of fertiliser from animals.

6.36 PUBLIC USES PERMITTED

The provisions of this By-law shall not apply to the use of any land or to the erection or use of any building or structure for the purpose of public service by the Municipality and/or any Public Authority, or Ministry of the Government of Ontario or Canada, including Ontario Power Generation and Hydro One, or any telecommunications or utility company, provided that where such land, building or structure is located in any zone:

- a) no goods, material or equipment shall be stored in the open, except as permitted in such zone;
- b) the lot coverage and yard requirements described for such zones shall be complied with;
- c) parking and loading requirements as contained in this By-law shall be complied with.

Nothing in this By-law shall prevent the installation of a watermain, sanitary sewer, storm sewer, gas main or overhead or underground hydro and telephone line provided that the Municipality has approved the location of such utility.

6.37 RAILWAYS

Where any road or street crosses a railway at the same grade, no building or structure shall hereafter be erected closer than forty-five (45.0) metres to the point, of intersection of the centre line of both the railway and the road or street.

Notwithstanding any other provisions of this By-law, in any industrial zone, no setback shall be required in any yard that abuts a railway right-of-way.

6.38 REDUCTION OF REQUIREMENTS

No person shall change the purpose for which any land or building is used or erect any new building or addition to any existing building or sever any lands from an existing parcel if the effect of such action is to cause the original adjoining or remaining buildings or lands to be in contravention of this By-law.

6.39 SETBACKS FROM PROVINCIAL HIGHWAYS

Notwithstanding any other provisions of this By-law, the minimum building setback for a residential building and any building or structure accessory thereto from a provincial highway shall be 8.0 metres from the right-of-way or 26 metres from the centre line of the right-of-way, whichever is greater.

Notwithstanding any other provisions of this By-law, the minimum building setback for a non-residential building and any building or structure accessory thereto from a provincial highway shall be 8.0 metres from the right-of-way or 26 metres from the centre line of the right-of-way, whichever is greater.

Notwithstanding any other provisions of this By-law, the minimum setback for a well from a provincial highway shall be 30 metres from the right-of-way. (By-law 13-1121)

6.40 SHORELINE ACTIVITY AREA

To maintain the natural viewscape and to protect the environmental integrity of the shoreline on waterfront lots there is a limit on the total area of structures within fifteen (15.0) metres of the normal or controlled high water mark.

The total area permitted for shoreline activity area structures varies directly with the size of the Shoreline Activity Area (SAA) (see plate #8). The SAA is calculated by multiplying the shoreline frontage by 15 metres.

- a) On remote or rural residential lots the maximum total area of all structures within the SAA shall be the lesser of ten percent (10.0%) of the SAA or one hundred (100.0) square metres for lots less than eight tenths (0.8) of a hectare. If a lot is greater than or equal to eight tenths (0.8) of a hectare then the maximum area for all SAA structures is the lesser of one hundred and sixty (160.0) square metres to only allow for a second dry land boathouse or ten percent (10.0%) of the shoreline activity area, whichever is less.
- b) Notwithstanding the above the total lot coverage shall not exceed eight percent (8.0%).
- c) For tourist commercial or institutional lots the maximum area of all structures within the SAA is thirty three (33.0%) of the SAA; and
- d) For marinas the maximum area of all structures within the shoreline activity area is fifty percent (50.0%) of the shoreline activity area.
- e) Disturbances in the natural vegetation adjacent to the shoreline shall be limited to the following:

Meandering pathways or access points to the shoreline constructed of permeable materials no wider than two (2.0) metres, pruning of trees for viewing and ventilation purposes. Ventilation clearing around buildings shall be limited to three (3.0) metres and viewing corridors shall be limited to six (6.0) metres, and the removal of trees for safety reasons; or

Twenty five percent (25%) of the shoreline, whichever is the lesser. (By-law 13-1121)

6.41 SLEEP CABINS

Notwithstanding Section 6.30, sleep cabins are permitted on lots in the Remote Residential (R1), (R2) and Rural Residential (R3) Zones and on existing residential lots in the SMA and IMA Zones in accordance with the following standards. (By-law 07-745)

- a) Sleep cabins shall not be more than one (1) storey in height. (By-law 07-745)
- b) On any residential lot existing on the date of passing of this By-law, less than four tenths (0.4) hectares in size in the SMA, IMA, R1, R2 and R3 Zones, one (1) main dwelling unit and a maximum of one (1) sleep cabin without bathroom and kitchen facilities is permitted.

- c) On any residential lot existing on the date of passing of this By-law greater than four tenths (0.4) hectares in size in the SMA, IMA, R1, R2 and R3 Zones and any residential lots created after the approval of this By-law in the R1, R2 and R3 Zones, one (1) main dwelling unit and a maximum of two (2) sleep cabins are permitted, in accordance with the provisions of this Section. (By-law 07-745)
- d) The maximum gross floor area of the first sleep cabin on any lot in the SMA, IMA, R1, R2 or R3 Zone shall not exceed seventy two (72.0) square metres and where permitted, the second sleep cabin shall not exceed thirty six (36.0) square metres.
- e) On a lot greater than or equal to four tenths (0.4) hectares in the R1 Zone and R2 Zone, one (1) sleep cabin may have bathroom or kitchen facilities, where the sleep cabin is connected to the water supply and/or sewage disposal system of the main dwelling on the lot and subject to the other provisions of this By-law while the second sleep cabin, where permitted shall have neither bathroom nor kitchen facilities.
- f) On an existing lot greater than or equal to one and six tenths (1.6) hectares in the R1, R2, and R3 Zones, only one (1) sleep cabin with bathroom and kitchen facilities may be permitted provided that the sleep cabin is connected to approved independent, on-site water supply and sewage disposal systems. The sleep cabin with kitchen and bathroom facilities and the associated water supply and sewage disposal systems shall be located on the lot such that a lot containing the sleep cabin and water supply and sewage disposal systems can be severed from a lot containing the main cabin and associated water supply and sewage disposal systems with the severed and retained lots and buildings conforming to the lot size, lot frontage, building setback standards and all other relevant standards of this By-law. (By-law 07-745)

For the purposes of calculating the number of sleep cabins on a lot, a boathouse with sleeping accommodations, is deemed to be a sleep cabin.

For the purpose of complying with the provisions of this section, the severed sleep cabin with kitchen and bathroom facilities shall be deemed to be the main building on the new lot and shall conform to the standards for a main building on a lot.

Sleep cabins shall not be used to accommodate guests as part of a bed and breakfast establishment. (By-law 13-1121)

6.42 Special Setbacks

Special setbacks shall apply to all lots in all zones that either abut a narrow water body or have steep slopes.

Narrow Water Bodies

If the narrow water body is:

- a) Less than twenty (20.0) metres straight line distance in width from shoreline to shoreline, no structure projecting from the shoreline shall be permitted except through a Zoning By-law Amendment. (By-law 13-1121)
- b) Between twenty (20.0) and thirty (30.0) metres straight line distance in width from shoreline to shoreline, the maximum a structure is permitted to project into the water is no greater than eight (8.0) metres into the narrow waterbody and all structures projecting into a narrow water body shall be separated by a minimum distance of one

hundred and fifty (150.0) metres. Boathouses are prohibited except through a Zoning By-law Amendment. (By-law 13-1121)

- c) Between thirty (30.0) and sixty (60.0) metres in a straight line distance in width from shoreline to shoreline, the maximum a structure is permitted to project into the water is no more than eleven (11.0) metres into the narrow water body unless separated by more than one hundred and fifty (150.0) metres from another structure extending into the narrow water body in which case the structure can extend fifteen (15.0) metres into the narrow water body from the shoreline. (By-law 13-1121)

Unstable Slopes and Steep Slopes

For lots with a slope between twenty percent (20.0 %) (18 degrees) to forty percent (40.0%) (36 degrees) or unstable soils a site evaluation and/or a technical report, prepared by an approved authority, will be required by the Municipality in order to confirm that the property is suitable for development. Any site evaluation or technical report will address the following principles, identified below, and will identify any mitigation measures that are necessary.

The principals to be addressed are as follows:

- development on slopes should blend into the natural landscape without substantial site alteration, particularly blasting;
- development will not be permitted on a slope where it is subject to erosion and would represent a potential hazard to life or property or the environment;
- natural environmental values will be protected;
- scenic slope faces and cliffs should be preserved;
- visual impact should be minimised;
- access to the property can properly be provided from the road and/or water in a manner which is safe, minimises visual impact, minimises site alteration and addresses storm water management during and after construction; and
- mitigation measures.

For slopes over thirty three (33.33%) (30 degrees) also see Section 6.49 regarding increased setbacks. (By-law 13-1121)

Engineered solutions for sites with slopes over forty percent (40.0%) (36 degrees) or sites with unstable soils will be considered.

Waste Management Facilities

A special setback of thirty (30.0) metres for all buildings and structures shall be maintained from the boundaries of a waste management facility site. (By-law 13-1121)

6.43 SWIMMING POOLS

Swimming pools are not permitted in the front yard of any zone

A swimming pool as an accessory use to a permitted residential use shall be permitted in the rear yard of any lot provided that no part of such pool shall be located closer to any lot line or street line than the minimum distance required for an accessory building located on such lot

As well, a swimming pool erected in any zone shall be permitted in the side yard of any lot provided that:

- a) No part of such pool shall be located closer to any lot line or street line than the minimum distance required for the principal building located on such lot;
- b) The maximum sidewall height of such pool shall be one and one-half (1.5) metres above the average finished grade level of the ground both adjoining and within four and one-half (4.5) metres of such pool; and
- c) Any building or structure, other than the main building, required for changing clothing or for pumping or filtering facilities, or other similar accessory uses, shall be in accordance with the provisions applicable to accessory buildings on such lot.

The owner of any privately owned outdoor swimming pool shall erect and maintain an adequate enclosure of at least one and one half (1.5) metres in height surrounding the entire swimming pool area. For the purpose of this section, an enclosure means a fence, wall or other structure including doors and gates surrounding a privately owned outdoor swimming pool to restrict access thereto. Doors and gates must be equipped with a self latching device. Such enclosure shall be set back a minimum of one (1.0) metre from the edge of the water contained in the swimming pool except for above ground pools which incorporate a fencing structure within the design and manufacture of such above ground pools.

In ground swimming pools are not permitted in the Remote Residential (R1) Zone.

6.44 TEMPORARY USES PERMITTED

The following uses are permitted in all Zones within the Municipality:

- a) Temporary camps used in the construction of public works but only for so long as it is necessary for such works as may be constructed adjacent to the camp and only until such time as the work is completed, or abandoned, or
- b) Temporary sleeping and eating quarters, a tool shed, scaffold or other building or structure incidental to the construction of the building or structure on the lot where it is situated and only for so long as it is necessary for the work in progress and until the work is completed or abandoned and in accordance with Section 6.04 b) of this By-law. (By-law 07-745).

"Abandoned" in this Section shall mean the failure to proceed expeditiously with the construction of a work, specifically abeyance of construction for twelve (12) months.

6.45 TRANSCANADA PIPELINES

All permanent structures and excavations shall be at least seven (7.0) metres from the limit of the TransCanada Pipelines right-of-way. Accessory structures and lots with side yards abutting the right-of-way shall have a minimum setback from the right-of-way of three (3.0) metres.

6.46 TRUCK, BUS AND COACH BODIES

No truck, bus or coach body or similar vehicle may be used as a permanent dwelling unit within the Municipality.

6.47 USE FOR HAZARDOUS PURPOSE

No land, building or structure shall be used for such Commercial or Industrial purpose as is likely to create a public nuisance or danger to health or danger from fire or explosion, except in accordance with the provisions of or regulations under The Gasoline Handling Act.

6.48 VEGETATIVE BUFFER AND TRAIL

A vegetative buffer, as defined in this By-law, shall be maintained on all residential lots abutting a lake or other water body, except as otherwise noted in this section.

Within a vegetative buffer on a residential lot, one trail, one viewing corridor and one ventilation corridor as defined in this By-law shall be permitted. (By-law 13-1121)

6.49 YARD EXCEPTION, TERRAIN UNSUITABILITY

Where in this By-law, a front, side or rear yard is required, and part of the area of the lot is: usually covered by water or marsh or swale; beyond the rim of a river bank or watercourse; or between the top and toe of a cliff or embankment having a slope of thirty degrees (30.0°) (33.33%) or more from the horizontal; then the required yard setback shall be measured from the nearest wall of the main building or structure on the lot to: the edge of said area covered by water or marsh; the high water mark or the said rim of a river bank or watercourse; or the top of the said cliff or embankment.

6.50 YARD AND SETBACK ENCROACHMENTS PERMITTED

Notwithstanding the provisions of this By-law to the contrary, where a single detached dwelling unit or accessory use thereto is to be erected in a built-up area where there is an established building line, such dwelling unit or accessory use may be erected closer to the street line than required by this By-law provided such dwelling or accessory use is not erected closer to the street line than the established building line on the date of passing of this By-law and further provided that in no case shall any building be erected closer than three (3.0) metres from the front lot line and need be no greater than setback regulations prescribed in the zone in which it is situated.

Notwithstanding the setback requirements of any zone, the following yard encroachments are permitted:

- a) sills, belt courses, cornices, eaves or canopies, gutters, chimneys or pilasters may encroach into any yard a maximum of one (1.0) metre;
- b) fire escapes and exterior staircases may encroach into the rear and flankage yard a maximum of one (1.0) metre;
- c) bay windows may encroach into the front, rear and flankage yards a maximum of one (1.0) metre;
- d) balconies may encroach in the front, rear and flankage yard a maximum of one and two tenths (1.2) metres; and
- e) decks, where the average height from the surface of the deck to the finished grade is less than one and two tenths (1.2) metres, may encroach into the rear yard a maximum of one and two tenths (1.2) metres.
